

FUNDANI

The Fundani Centre for Higher Education Development (CHED) is a strategic unit which, under the direction of CPuT vision and Mission as well as the Strategic Plan, serves the university as the site that initiates and facilitates higher education development in alignment with relevant international and national imperatives.

This is accomplished through a number of inter-related strategic initiatives.

These involve the various Fundani units working collaboratively with one another as well as in partnership with colleagues in faculties and other strategic units.

This developmental institutional networking is informed and strengthened through engagement with relevant national and international organisations and institutions.
